GATARE EZECHIEL

ezegatare@gmail.com
+250-785768078
Kigali Province, Rwanda

Collaborative, analytical, and results-driven professional with 3 years of experience in data analysis and IT management. Proficient in data visualization, statistical analysis, and database management. Aiming to leverage technical expertise to provide data -driven insights and support organizational decision-making processes.

Work Experience

Data Scientist (Intern)

Cenfri   Feb 2025 – Apr 2025

- Assisted in the development of analytical frameworks to assess datasets across multiple African markets.

- Conducted data cleaning, transformation, and analysis using SQL to support evidence-based research.

- Collaborated with cross-functional teams to analyze datasets related to inclusion, digital payments, and policy.

- Presented actionable insights through reports and PowerPoint presentations to support decision-making.

- Strengthened proficiency in Microsoft Excel, including advanced functions for data analysis and reporting.

Data Analyst

                                                                                 Feb 2024 – Sep 2024

ADDAX TRAVEL

I was responsible for leveraging data to improve business operations and enhance customer experience. I analyzed large datas ets related to travel bookings, customer preferences, and market trends, uncovering insights that informed strategic decision-making. By creating interactive dashboards using Tableau, I made critical travel data easily accessible to stakeholders, enabling them to track key metrics and make informed decisions.

EDUGALITECH   Jan 2023 – Dec 2023

- Analyzed large datasets to identify trends and patterns, leading to data-driven decision-making.
- Created interactive dashboards using tableau, improving data accessibility for stakeholders.
- Conducted statistical analyses to support academic research projects, contributing to published papers.
- Drafted data collection and processing procedures, enhancing data quality and consistency.
- Collaborated with cross-functional teams to provide data insights, reducing project timelines by 25%.

UI/UX Designer

EMEBEGI Ltd   Oct 2020 - Dec 2022

- Designed user-friendly interfaces and improved the usability of internal tools, contributing to an enhanced employee experience.

- Collaborated with developers to implement UI components, ensuring seamless integration and consistency across platforms.

- Conducted user research and usability tests, collecting feedback to iteratively refine designs and meet

user needs.

- Provided ongoing design support and input, ensuring that digital solutions remained aligned with user expectations and accessibility standards.

Graphic Designer
                                                                                          Jan 2018 – Jun 2020

Deela

- Designed data visualizations to support marketing and design strategies.

- Conducted diagnostic data analysis to identify design-related issues and present findings.

- Collaborated with teams to address design challenges, improving graphic design efficiency by 31%.

Core Skills

- **Data Analysis & Visualization Tools**: Python, R, SQL, Tableau, Excel, Google Analytics
- **Data Cleaning & Processing**: Data Wrangling, Data Transformation, ETL (Extract, Transform, Load)
- **Data Modeling & Forecasting**: Predictive Modeling, Machine Learning, Data Mining
- **Data Reporting & Presentation**: Dashboards, Reports, Interactive Data Visualizations, Presentations
- **Data Methodologies**: Data-Driven Decision Making, Agile Methodology, Lean Analytics
- **Other Skills**: Trend Analysis, A/B Testing, Key Performance Indicator (KPI) Tracking, Business Intelligence, Data Integrity Management, Web designer, Graphic designer

Education

- **Bachelor of Information Technology**

  University of Kigali   2022 - **2025**

- **Diploma** Networking

  Institute Technique Baptiste 2017 - 2019
